Chirasi Amaya

Software Engineer Intern

A responsible and dedicated computer science student, passionate about the ever-evolving world of technology. With a keen interest in full-stack web development and mobile app development, I have a track record of creating user-friendly, innovative solutions. I am eagerly seeking professional experience where I can not only apply my knowledge and skills but also contribute to exciting projects and collaborate with like-minded professionals.

Technical Skills

- React JS
- Node / Express / NextJs
- Javascript / Typescript
- Python
- Java
- React Native
- PHP
- Flutter
- Kotlin
- C
- C++
- MUI / Tailwind CSS
- MySQL / MongoDB
- Git

Education

- **2020 - 2023**

  Bsc in Computer Science

  University of Colombo School of Computing

- **2019**

  GCE Advanced Level

  Combined Mathematics - A   Chemistry - B   Physics - C

Projects

- **TruEvent Horizons** – Event Planning Managment System

  Link - https://github.com/saneru-akarawita/TruEvent_Horizons.git

  I oversaw a project that developed a web-based Event Planning Management System, simplifying reservations for customers, empowering service providers, and facilitating report generation and feedback collection.

  Tech Stack Used – HTML , CSS, JS , PHP , PHPMailer , ChartJS , AWS , MySQL , GitHub

- **Stylioo** – Salon Managment and Online Reservation System

  Link - https://github.com/Stylioo

  I led Stylioo, an innovative salon management and reservation system, available on both web and mobile platforms. It streamlines online bookings, reduces wait times, and provides detailed service information. My role included project management and overseeing critical system components.

  Tech Stack Used – React , MUI , Tailwind CSS , Prisma , MySQL , NextJs , React Native , ExpressJs , ChartJs , GitHub

- **StudentHub** – Online Student Managment System

  Link - https://github.com/chirasi99/Mern_Stack_Group_Assignment.git

  StudentHub is an intuitive online student management system that leverages the power of the MERN. It seamlessly handles all CRUD (Create, Read, Update, Delete) operations, providing a user-friendly experience for administrators. Additionally, it offers secure and authenticated signup and sign-in functionalities, ensuring data privacy and access control.

  Tech Stack Used – MongoDB , ExpressJs , React , NodeJs , CSS , GitHub

Interests

- Machine Learning
- Cloud Computing
- UI/UX
- DevOps
- Generative AI

Soft Skills

- Leadership
- Collaboration
- Team Work
- Time - Management
- Adaptability
- Analytical Thinking
- Problem-Solving
- Communication
- Creativity
- Interpersonal-Skills

Certificates

- React Basic [Coursera]
- Introduction to Mobile Development [Coursera]
- UI/UX Course [Great Learning]
- Crash Course on Python [Coursera]
- Supervised Machine Learning: Regression and Classification [Coursera]
- Introduction to Cloud Computing [Coursera]
- Introduction to DevOps [Coursera]

Achievements

- Participation – ReidXtreme Competitive Programming [2021]
- Participation – FreshHack Competitive Programming [2021]
- Participation – CODERALLY Online Hackathon [2021]
- Participation – IDEALIZE App Development Competition [2023]
- Participation – IDEAMart App Development Competition [2021]
- Participation – REIDCON Competition [2020]

Extra - Curricular Activities

- Member – ISACA UCSC Student Group
- Member – IEEE Student Branch of UCSC
- Member – LEO Club of UOC
- Member – Astronomical Society of UOC
- Member – Exploration Club of UCSC
